Total Hours Spent

44

Project Progress

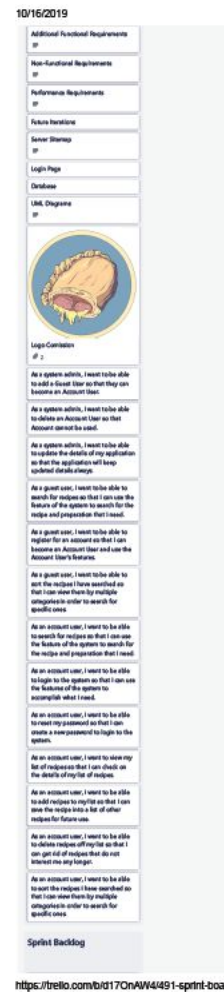

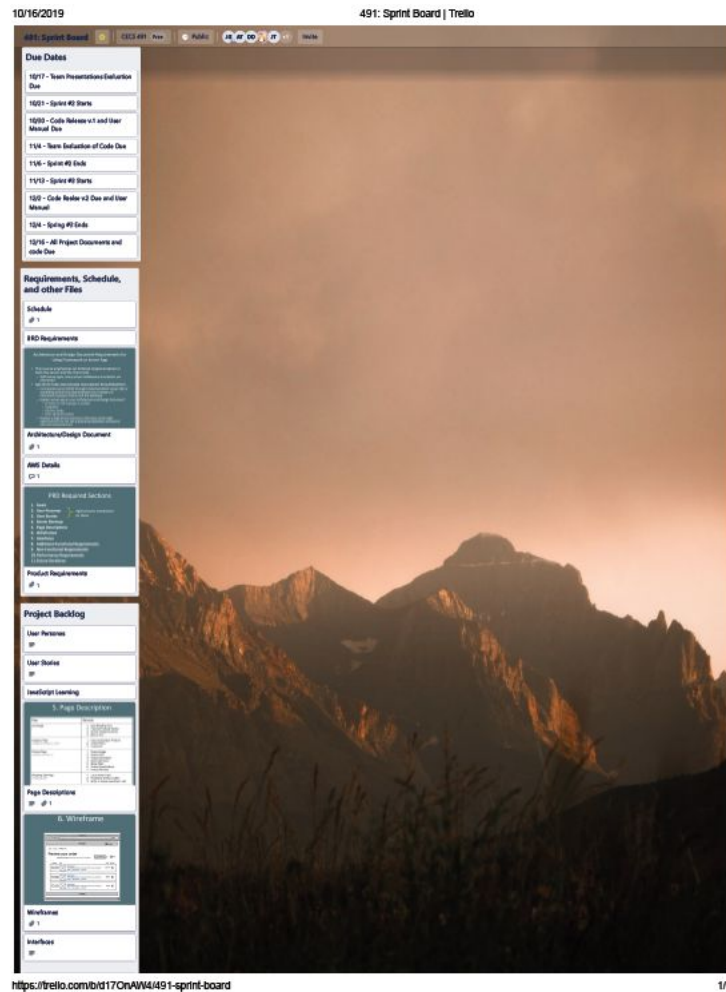

96.00 %

Task Management Velocity

The length of Sprint 2 was 16 days. Our combined total hours was 44. Each task had differentiating actuals done to complete but overall, they fairly matched with what we have expected.

Sprint Board

Before

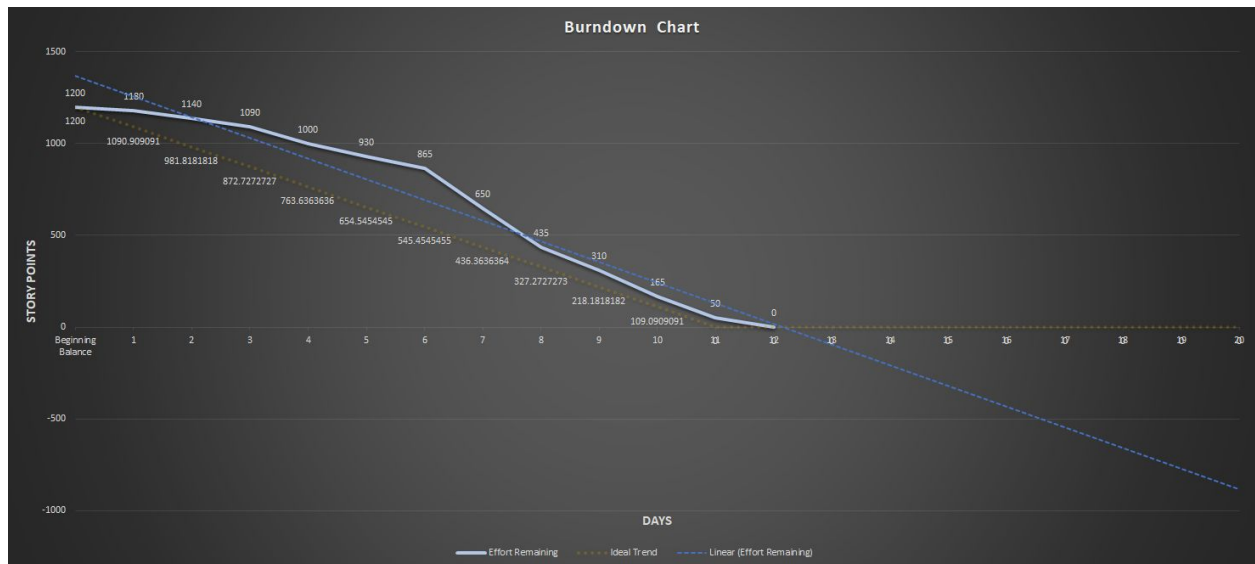

After

The screenshot shows a Trello board titled "491: Sprint Board" with a background image of a mountain range. The board is organized into several columns representing different stages of a project:

- Due Dates:** Contains cards for "11/13 - Sprint #3 Starts", "12/2 - Code Release v1.2 Due and User Manual", and "12/16 - All Project Documents and code Due".
- Requirements, Schedule, and other Files:** Contains a card for "Schedule" and a card for "Architecture/Design Document".
- Project Backlog:** Contains a card for "5. Page Description".
- Sprint Backlog:** Contains several cards with user stories and requirements, such as "As a guest user, I want to be able to search for recipes so that I can use the feature of the system to search for the recipe and preparation that I need. (34 points)".
- To Do:** Contains a card for "Add a card".
- In Progress:** Contains a card for "Gantt Chart" and a card for "10/9 - Product Requirements and any other updated documents".
- Done:** Contains a card for "Lego Commission" and a card for "User Manual".

The board also features a "Butler" button and a "Show Menu" button in the top right corner. The bottom of the board shows a "5. Wireframe" card.

Burndown Chart

Sprint Retrospective

Did we meet our Sprint Goal?

- Yes, our primary focus was developing the login page and a working database

What was the team's velocity?

- 44 Hours combined effort, with differentiating hours per given task

How did the Sprint Burndown look?

- Similar to before, a linear workflow of our deliverables and tasks being done. No signs of being behind schedule.
